

# FINANCIAL ASSISTANCE

## The Starkey Foundation

The Starkey Hearing Foundation sponsors a program called HEAR NOW which provides hearing aids to persons who have no other financial resources available to them.

## United Way

The Capital Area United Way provides the Baton Rouge Speech and Hearing Foundation with funds that not only support the daily activities of the foundation, but also allow the foundation to provide financial assistance on a sliding scale to our clients.

# Baton Rouge Speech & Hearing Foundation

## Audiology Services

*providing the community  
with the gift of hearing  
today and tomorrow*

## Testing and Evaluations

Audiologist Dr. Natalee Menge offers both conventional hearing testing (audiometry) for adults and play/visual reinforcement audiometry for children.

Otoacoustic Emission testing, and tympanometry (checking the middle ear) are also available.

**The Baton Rouge Speech and Hearing Foundation is committed to ensuring that no one with a hearing impairment is denied access to necessary services.**

## Testing in the Community

Dr. Menge is available for testing in the community at local health fairs, assisted living centers, schools, rehabilitation centers, and churches.

## Hearing Protection and Related Products

Custom ear molds can be made to protect children and adults in work, sports, or leisure pursuits.

## Hearing and Assistive Listening Devices

Hearing aid fittings for digital hearing aids are available. Dr. Menge is able to repair a variety of hearing aids and listening devices as well as work with those who have cochlear implants. Dr. Menge also provides counseling on the use of hearing aids and assistive listening devices to maximize each client's benefit.
